## Memorandum

Date: June 25, 1997  
To: Bill Bennett  
From: Steve Yaeger *Steve*  
Subject: WateReuse Association

I have attached a copy of a recent letter to Lester from the WateReuse Association requesting CALFED's view on the allocation of Proposition 204 Feasibility Study funds. We have discussed this on several occasions but I am not prepared to respond directly to Peter. Instead, I would prefer to respond by forwarding a DWR document which presents the allocation.

Please advise me whether a document presenting the allocation is imminent or if a target date has been set to go public with this information.

Thank you for your assistance. If you have any questions, or need further information, please feel free to contact me at (916) 657-2666.
