

Memorandum

Date: September 17, 1997

To: BDAC Members

From: Mary Selkirk *Mary Selkirk*

Subject: BDAC Coordination

As most of you may know, I have recently resigned from BDAC to consult directly to CALFED on various aspects of the Program. One of my primary responsibilities will be coordinating and strengthening the involvement of BDAC with the CALFED Bay-Delta Program.

As we approach the release of the draft EIR, BDAC input becomes even more critical. If you have not already received a call from me, you will be hearing from me very soon. I would like to have input from all BDAC members on the "plus-es" and "improveables" regarding BDAC policy deliberation. Please take some time to think concretely about how we might improve the functioning and effectiveness of BDAC.

In addition, I will be querying you regarding your availability and interest in participating in any of the several upcoming CALFED public meetings scheduled through October and December around the state.

I look forward to talking with each of you.
