October 3, 1997

Ms. Linda Cole
Valley Water Protection Association
P.O. Box 1264
Durham, CA 95938

Dear Ms. Cole:

Thank you for your letter of September 21, 1997. We appreciate your offer to present the 1994 Butte County Drought Water Bank experience at the Water Transfers Work Group. We think it might prove valuable to the Work Group and participating members of the public in considering policy recommendations on water transfers for CALFED.

Since both you and Gary Brown of the Western Canal Water District have important perspectives on this issue, we thought it might be valuable for the two of you to collaborate on a short presentation to the work group. Since our October agenda is already very full, and since the agenda for the November meeting will focus on groundwater impacts, we suggest you consider a short presentation for the November meeting. I have already spoken about this with Gary Brown, and he is open to the idea.

Please give him a call and let us know whether you two would be interested in making a presentation in November.

Thank you very much.

Sincerely,

Mary Selkirk by B.C.

Mary Selkirk
