Subject: CALFED report "The Ecosystem Restoration Plan"

Dear Mr. Snow:

Since the September 30, 1997 meeting in Anderson I have received several calls from concerned constituents regarding the CALFED process and the "Ecosystem Restoration Plan". October 14, 1997 was the last day for public comment which has not been sufficient time in which to review this report.

I am in support of a 90-day extension of the public comment period. I am also requesting additional public workshops and forums to be held detailing the entire CALFED process. It is important that Shasta County be involved and heard in the process.

Thank you for your time and consideration in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Glenn Hawes".

Supervisor, District 3
