Dear Adan:

It was a pleasure to meet you at the Los Angeles Area Chamber of Commerce on Friday, May 8. I am glad we had a chance to discuss CALFED, if only briefly.

At that time, you had mentioned that some persons from the Los Angeles area had expressed concern that the comments made by Assemblymember Machado at the March meeting of the Bay-Delta Advisory Council (BDAC) in Burbank were not adequately recorded in the written summary of that meeting. I am enclosing for your information a copy of some of that document, including the summary of Assemblymember Machado's comments. The author of the summary utilizes the court reporter's transcript in preparing the document. I can safely say that she did a competent, thorough job in capturing the essence of all of the points raised by Assemblymember Machado.

I also want to let you know that the next meeting of BDAC will be held in Fresno on June 17-18, 1998 at the DoubleTree Hotel. We would like to invite you to attend any portion of the meeting that your schedule will permit. We will be commencing on Wednesday morning with a tour of farms on the west side of the San Joaquin Valley. The formal public meeting will begin on Wednesday afternoon and will continue through all of the following day. We are also tentatively planning some kind of Wednesday evening program for BDAC members.

Please let me know if you are interesting in attending any part of the meeting, and I will send you a full agenda.

Sincerely,

Mary Selkirk
