Dear Mr. Clarke:

Thank you for meeting with us on October 28, 1998, and for organizing the participation of other interested parties in the recreational boating community. I believe our exchange of views was helpful. As I mentioned, we welcome the participation of all interested stakeholders in the CALFED Bay-Delta Program. We suggest that in order to have a more effective participation, stakeholders concentrate on their interests, rather than their positions, and help develop solutions that address multiple interests. We look forward to continued dialog with you, your membership, and other members of the recreational boating community.

Sincerely,

Lester A. Snow
Executive Director
