TRANSPORTATION

January 28, 1999

Lester Snow, Executive Director  
CalFed Bay-Delta Program  
1416 Ninth Street, Suite 1155  
Sacramento, CA 95814

Dear Mr. Snow:

I write you today to inform you of my interest in the CalFed process. As a representative of a district that benefits from the State Water Project, and as a member of the Assembly Water, Parks and Wildlife Committee, the people of my district have a great stake in the outcome of this process.

As the process moves forward we must pursue enhancement of both drinking water quality and the health of the Sacramento-San Joaquin River Delta and San Francisco Bay ecosystem. These goals are complimentary and necessary to achieve a consensus on future water policy. The soft path initiatives coming forth to improve water management will represent an important step towards a longer-term plan for the future of the State Water Project and the Bay-Delta.

The cooperative spirit that has guided us to this point must be maintained as we delve into ever more complex decisions. I would like to thank the CalFed staff for their hard work, and I look forward to working with you.

Sincerely,

A handwritten signature in cursive script that reads "Howard Wayne".

HOWARD WAYNE  
Member of the Assembly  
78<sup>th</sup> District
