Honorable Patricia Wiggins
Member of the Assembly
State Capitol, Room 4112
Sacramento, CA 95814

Dear Ms. Wiggins:

Thank you for your note of January 14, 1999, regarding the CALFED Bay-Delta Program's *Revised Phase II Report*. I hope you will find the Report to be a valuable resource for understanding the CALFED Bay-Delta Program.

You may be aware that effects of hazardous waste discharges on water quality, such as discharges of metals from mining operations, are of concern in the development of the CALFED Bay-Delta Program. Legislation on these topics may come before the Assembly Committee on Environmental Safety and Toxic Materials. We look forward to working with you on these matters and others.

Thank you again for your interest in the CALFED Bay-Delta Program. Please call me at 657-2666 if you have any questions about the Program.

Sincerely,

Lester A. Snow
Executive Director
