Dear Ms. Martin:

This letter is to request a copy of the material developed and collected by CALFED in the evaluation and selection of the "designated actions" funded by CALFED. During the February 1st informal Ecosystem Roundtable workshop, you presented the group with a binder containing the background material on each of these projects.

Senator Johannessen has asked that I obtain a copy of these materials and to request the same information on each of the designated actions funded by CALFED in the previous two fiscal years.

Thank you in advance for your assistance please feel free to contact me if there are any questions about this request.

Sincerely,

DOUGLAS HAALAND
Committee Consultant
