Dear Mark:

Thank you very much for coordinating the tour of the North City Water Reclamation Plant, including Bill Jacoby's overview on the bus, the reception which followed, and lining up the panelists for the Bay-Delta Advisory Council meeting in San Diego on July 8 and 9, 1999. The tour was very well organized and was a good opportunity for informing BDAC members, CALFED staff and Policy Group representatives on water reclamation and conservation methods and issues. Networking with Authority Board members at the reception and hearing from the panel on July 9 furthered my understanding of the perspectives and needs of the Water Authority and other stakeholders in the San Diego area.

In addition, this is a special thanks to you for taking so much time from your busy schedule to ensure that those three events were a success. It was a pleasure to work with you. Feel very free to contact me if you need assistance in Sacramento.

Sincerely,

Eugenia Laychak
BDAC Coordinator
