Dear Harry:

On behalf of the Bay-Delta Advisory Council and CALFED Bay-Delta Program I wish to thank you for your important contribution to the Battle Creek tour on September 16, 1999.

Your presentation and information helped us achieve one of the goals of our visit to Red Bluff and Battle Creek, which was to obtain a better understanding of the importance of restoring Battle Creek to the Bay-Delta watershed. It was also heartening to hear from you, as a direct participant in the negotiations, on the successful collaboration between the agencies, PG&E and the local land owners. Learning from stakeholders, such as yourself, and others who do not normally attend BDAC meetings is important to ensure we are aware of creative models for addressing Bay-Delta issues.

It was a pleasure to meet and learn more about Battle Creek.

Sincerely,

Eugenia Laychak  
Bay-Delta Advisory Council Coordinator
