Dear Mr. Cornelius:

On behalf of the Bay-Delta Advisory Council and CALFED Bay-Delta Program I wish to thank you for your informative and well planned presentation at the September 17 BDAC meeting in Red Bluff.

Your thoughtful and informative comments helped us achieve one of the goals of the meeting, which was to obtain a better understanding of watershed issues in California as a whole, and in particular the Calaveras River watershed. Hearing from work group members, such as yourself, and others who do not normally attend BDAC meetings is important to ensure we have a clear understanding of issues which need to be addressed as we develop the Program and begin implementation.

As we develop our recommendation to the CALFED Policy Group on the CALFED solution we will carefully consider your comments and suggestions.

Sincerely,

Mike Madigan, Chair  
Bay-Delta Advisory Council
