Dear Martha:

On behalf of the Bay-Delta Advisory Council and CALFED Bay-Delta Program I wish to thank you for coordinating the Watershed Work Group presentation at the BDAC meeting in Red Bluff on September 17, 1999. I also appreciate the time and effort you devote as Co-Chair of the Watershed Work Group and the progress the work group has made in developing the Watershed Program.

Your thoughtful and informative update on the Work Group activities, in addition to your comments helped us achieve one of the goals of the meeting, which was to obtain a better understanding of watershed issues in California. The presentation was very well organized; I appreciate your efforts for ensuring BDAC received a clear message regarding how different watersheds can help address the Bay-Delta watershed issues, overall. Hearing from the work group members and others who do not normally attend BDAC meetings is important to ensure we have a clear understanding of issues which need to be addressed as we develop the Program and begin implementation.

As we develop our recommendation to the CALFED Policy Group on the CALFED solution we will carefully consider the comments and suggestions.

Sincerely,

Mike Madigan  
BDAC Chair
