RE: CALFED Bay/Delta Program

Dear Governor Davis,

As Californians, who enjoy camping and hiking in our great outdoors, we are concerned with the protection of our valuable water resources. We want our rivers, bays, oceans and drinking water protected.

These concerns can only be protected by ensuring that the CALFED program will:

- Make sure we all use water efficiently, including farmers.
- Protect riparian areas and restores our bays, rivers and fisheries.
- Protect wildlife and drinking water by toughening pollution enforcement.
- Protect taxpayers from the cost of new dams and reservoirs.
- Protect valuable wildlife habitat.

Follow the science, do the smart thing. That's why we got rid of Pete.

Sincerely,

PHIL RAIDER

ROBERTA TISHMAN
