Dear Mr. Hayes and Ms. Nichols,

California Urban Water Agencies (CUWA) submits the attached comments to clarify a few areas of concern within the June 9th document titled: California's Water Future: A Framework for Action. It is our sincere hope that you will consider our recommendations and incorporate them into the Record of Decision and Notice of Determination (ROD/NOD) currently in preparation.

In our effort to provide timely comments, we focused on these topics: drinking water quality milestones, drinking water quality program actions, conservation and recycling, and programmatic assurances. CUWA would be pleased to provide additional input to the ROD/NOD.
