**MESSAGE:**

Please find attached a copy of a letter from CCWD requesting that CALFED include specific language on the Veale Tract and Byron Tract drainage reduction projects and their linkage with South Delta actions in the ROD and State Certification. The specific language in the Framework for Action on page 19 was not carried through with the same specificity into the Final PEIS/EIR. Please make sure that the ROD language clearly specifies those linkages and commitments.

A hard copy of this letter is being mailed to you today.
