Dear Governor Davis:

Please support the health and future of California's rivers and of the San Francisco Bay and delta regions by supporting and pushing for the following ingredients in the CALFED Bay/Delta program:

1. No new dams;
2. No studies for new dams;
3. Guaranteed adequate flows in controlled rivers;
4. Vigorous support of pollution limits, and prosecution of violators.

Thank you for your attention.

Sincerely,

Jim Genes
