Governor Gray Davis  
State Capitol  
Sacramento, CA 95814

Dear Governor Davis,

I am writing to ask that you help the state of California chart a smarter course for our water resources through the CALFED Bay/Delta program. I would urge you to ensure the CALFED program; invests in water efficiency for at least seven years before considering new dams or reservoirs, restores our waterways and fisheries by providing adequate fresh water and caring for the land around our rivers, enforces pollution limits, and stops making taxpayers paying for studies of new dams and reservoirs. Thank you very much for your time and thoughtful consideration.

Sincerely,

Chris Cannon
