Tom Hannigan
Water Resources Director
1416 Ninth St.
Sacramento, CA 95814

Dear Mr. Hannigan:

If California continues to import people beyond its resources and mismanage its, I will be one Democratic Voter who will be leaving the state in years to come. I do not wish to live in another New Jersey. Water is one precious resource that will be stressed as the non-agricultural population grows. I hope through the CALFED Bay/Delta program you will support investing in water efficiency, improving water quality, restoring our rivers, bays and fisheries and stop making taxpayers pay for studies on new dams and reservoirs that removed needed water from our rivers.

Thanks,

Dyke Edwards, MD
