Dear Lester:

Re: CALFED Process - Drinking Water Quality

Enclosed are copies of facsimiles sent to me by our Board President, Wayne Clark. If you or a member of your staff could provide me with some information to help address the issue of drinking water quality as it relates to the CALFED process, I would be very appreciative. It appears that most of your information relates to water quality for fisheries.

Your timely response would be greatly appreciated.

Sincerely,

Stanley E. Sprague
General Manager
