Subject: FWS Comments on Phase II Report

Rick and Sharon:

I sent these comments to Loren, then thought "is he the right person to send them to?" I couldn't reach him on the phone. If he's not the right guy, could you get these to whoever is? Thanks,

Loren:

Attached is a wordperfect 6.1 file containing our comments on the administrative draft Phase II report. We've used the same tabular format Rick B. provided for comments on the PEIS. Let me know if you have any trouble with the file, or if you have any questions on our comments. Thanks--and good luck!
