K. MAURICE JOHANNESSEN
CHAIRMAN

July 1, 1998

Mr. Lester Snow, Executive Director
CALFED Bay-Delta Program
1416 Ninth Street, Suite 1155
Sacramento, CA 95814

Dear Director Snow:

This letter will serve as a request for information, in addition to that made during our June 29th committee hearing.

While CALFED serves as an "umbrella" for the various state and federal agencies and the structure of this arrangement is clear, the internal organizational structure of your organization seems unclear. As such, the following information is requested:

1. A current internal organizational structure of CALFED and the names of the individuals employed in these departments.
2. A list of outside consultants employed by CALFED, the areas of focus/responsibility of each, and the contracted price for these services.

Your immediate attention to these requests is appreciated.

Sincerely,

K. MAURICE JOHANNESSEN
Chairman
