Mr. Lester Snow
CalFed Bay-Delta Program
1416 Ninth Street, Suite 1155
Sacramento, CA 95814

Craig Pedersen
1st Vice President Dear Mr. Snow

Gary Robinson
2nd Vice President This letter is request at least one more CalFed hearing in the San Joaquin Valley, specifically in Fresno, Mendota or Los Banos. The areas currently most affected by the water dilemma.

Rocky Silveira
Treasurer There are many people, agencies, farmers, dairymen, cities, counties, etc., in the Central San Joaquin Valley whose access to the only hearing in the San Joaquin Valley is in Visalia. There are so many other areas affected by this proposal that need to voice their concerns.

Board of Directors Since the Westside of the San Joaquin Valley has been disproportionately hurt by events occurring in the delta (i.e., ESA action protecting salmon and smelt as well as CVPIA), they deserve a hearing in the vicinity.

Stan Azevedo

Case Droogh
Judi Freitas Thank you for your immediate attention and consideration of this important request. Please feel free to contact us with any questions or concerns.
