Ms. Becky Sheehan
California Farm Bureau Federation
2300 River Plaza Drive
Sacramento, California 95833

Dear Ms. Sheehan:

The CALFED Program is in receipt of your September 29, 1999, information requests to Jo Turner and Peter Jacobsen. CALFED Program staff have evaluated the Program's files to determine if there are any records responsive to your request that were not already provided to the California Farm Bureau Federation in response to the prior information request dated August 6, 1999. Some of the information that you request is available in the Program's grant files, but is not currently compiled in summary or table form. If you would like to obtain copies of the proposals or grant agreements for the projects you have listed in your requests to Ms. Turner and Mr. Jacobsen, please contact me and I will arrange for their duplication. You may also be interested in inspecting the files for the projects you are interested in. You may inspect the Program's files during regular business hours at the CALFED Program office, located at 1416 Ninth Street, Suite 1155, Sacramento, California 95814. If you wish to inspect the files, please contact me in advance to arrange for a convenient date and time for an inspection.

Some information you have requested may not be available in the Program's files. The CALFED Program relies on applicants for restoration funds to provide information relevant to their ecosystem restoration proposals. In some cases, the information you seek may be provided by an applicant in its proposal, but not in others. Again, if you would like to obtain copies of the proposals you have listed or would like to inspect the grant files, please contact me.

Sincerely,

Olene Chard
