Acting Executive Director
CALFED
1416 Ninth Street, Suite 1155
Sacramento, CA 95814

SUBJECT: CALFED Long Term Governance

Dear Steve:

In reference to your November 9th memorandum on this subject and the straw proposal, I suggest that the public members include a recreational member. This could be done by making the public membership total to seven. The Sacramento, San Joaquin Delta and tributaries provide tremendous recreational opportunities for persons from throughout the nation. As with some of the other specific groups it provides the livelihood of numerous families within the CALFED impact area.

Cordially,

James M. Haussener
