Mr. Lester Snow
Executive Director
CALFED Bay-Delta Program
1416 Ninth Street, Suite 1155
Sacramento, CA 95814

Dear Director Snow:

This letter is to follow up on a request for information made during the August 26th hearing of the Select Committee on the CALFED Program. The request of staff for information was made by the Committee's Vice-Chair, Senator Jim Costa and involved fiscal data involving the Integrated Storage Investigation (ISI).

Senator Costa's request was that CALFED staff was to provide the Committee a breakdown of funding provided for the purpose of furthering the ISI. During the hearing it was stated that between \$30 - \$40 million has been budgeted for the ISI, over the past three to four years.

Thank you in advance for your attention to this request and I look forward to receiving your response.

Sincerely,

K. MAURICE JOHANNESSEN
Chairman
