FAX TRANSMITTAL: URGENT!

TO: Urban/M&I Water Suppliers in California
NAME: greg young / Steve Ritchie
FAX NUMBER: 916-654-9780
FROM: William Miller, Bear Valley CSD/North of the River MWD
Mary Lou Cotton, Kern County Water Agency
DATE: March 1, 1999

COMMENTS TO CALFED BAY-DELTA PROGRAM

We were encouraged by the participation of so many urban/M&I water suppliers in the four CALFED Urban Water Use Efficiency Workshops held during February. Whether or not you attended a workshop, however, it is important for your agency or company to submit written comments to CALFED based on your assessment of the two urban certification proposals. CALFED will use these water supplier comments to help formulate the final urban water use efficiency certification framework, which will then be included in CALFED's draft Environmental Impact Statement/Report, due for release in June.

If you have not already done so, we encourage you to submit written comments. Comments may be submitted until close of business on March 5, 1999.

They may either be mailed:
CALFED Bay-Delta Program
1416 Ninth Street, Suite 1155
Sacramento, CA 95814
(attn: Steve Ritchie)
or they may be faxed: (916) 654-9780.

Please forward this message to other affected agencies in your area. Thank you for your continued interest in urban water use efficiency.

Mary Lou Cotton can be reached at (661) 634-1405, and Bill Miller at (661) 393-5411.
