

CALFED URBAN MOU CONSERVATION COMPLIANCE CERTIFICATION WORKSHOP

After today's workshop, do you think you understand the purpose and importance of CALFED's Water Use Efficiency Common Program?

yes

What did you like most about how today's program was presented?

Liked the sequence of presentations

What did you like least?

-

What could we have done to make today's presentation better?

Need to be sure to allow time for questions. Went pretty well for first time out.

What comments do you have about the proposed certification requirement in general?
(Use back of this paper if you need additional space)

Believe certification is essential to Calfed solution.

The CUWA/EWC proposal?

Support this framework - the framework discussions were open to participants in Calfed WUE workshops and CUWA members, including KCWA

The KCWA/Bear Valley proposal?

and Bear Valley

Object to these elements:

- Lacks separate and distinct wholesaler compliance requirements for wholesalers that directly divert or export water in Bay-Delta
- modifies cost-effectiveness standard contained in original MSU System

Any other comments?

no provision for right to appeal certification decisions by Group 2 signatories (especially important to LWVC)
