Issues

Readability

- ~~How Summary Information will be presented~~ - keep bullet tables and fix. Consistent with text, order to follow sequence of text.
- Organization of environmental consequences section - ~~change alternative headings to storage and conveyance.~~
- Comments which address consistency in the document

Technical Issues

Individual
Major Work Efforts

- ~~Access to Technical Reports~~
- No Action Assumptions vs. Existing Conditions
- ~~Modeling new vs. old~~

• Agricultural Impacts Rewrite Chapter
Water ^{supply} Mgmt.

- Technical fixes of errors or inconsistencies (what does this mean, something is said differently in two places, incorrect information was used etc.)
- Addition of caveats, short phrases, and minor technical fixes.

Incorporation of Written Comments

- Some comments which will be addressed by other documents
- Cannot incorporate all agency comments within time available and maintain the March 16 release date
