Re: Agency comments on Changes to IA/APP 1st Admin. Draft

Attached please find agency comments on the Changes to IA/APP 1st Admin. Draft. These are the comments received as of this morning, any that come in later this week will be forwarded individually. No attempt has been made to separate or sort these comments in any particular order. Please review each page for comments that pertain to your section of the IA or program plan. Agency comments should be used to improve responses as appropriate with issues for the liaison meeting (Jan 20 & 21) being raised by this Friday Jan. 14. Please notify Rod of any issues for the liaisons.

Any changes to the IA/APP as a result of agency comments should be indicated by underline/strike out within the text and a summary sheet created (same format as the last go round). The deadline to incorporate comments is February 7, 2000, at which time we print the second Changes to IA/APP Admin. Draft for release on February 11.

Please call if you have questions, 4-2733.
