Honorable K. Maurice Johannessen, Chairman  
Senate Select Committee on CALFED  
State Capitol, Room 5061  
Sacramento, CA 95814

Dear Senator Johannessen:

I am writing in response to your letter regarding habitat restoration programs identified and in place in California. The California Resources Agency does not manage any land directly. In our constituent departments, almost all habitat restoration program land is held either by the Department of Fish and Game or by the Department of Water Resources. I understand that both of these Departments have already provided your office with information about their specific habitat restoration holdings.

I have enclosed output from CALFED's Ecosystem Restoration Tracking System. This is a comprehensive listing of CALFED's restoration projects. I have also included a compact disk, which includes CALFED's habitat restoration plans.

If you need further information or would like a print copy of the information included on compact disk, please contact Gary Darling at (916) 653-4279.

Sincerely,

A handwritten signature in cursive script, appearing to read "Mary D. Nichols".

Mary D. Nichols  
Secretary for Resources
