

## OFFICE MEMO

TO: Distribution List	DATE: March 14, 2000
FROM: John Pacheco  Office of State Water Project Planning	SUBJECT: Department Review of CALFED Agency Administrative Draft Documents for the PEIS/EIR

Attached for your review and comment is the Supplement to the 2<sup>nd</sup> Agency Administrative Draft – Changes to Impact Analysis Document and the various appendices that make up the CALFED Draft Programmatic EIS/EIR. This is a supplement to the February 9, 2000 package sent out by Steve Ritchie. I received no comments on the February 9 documents.

Kathy Kelly asked that I coordinate DWR's responses. Please provide your comments to me by **as soon as possible**. I am in room 204-6 of the Resources Building or you can e-mail comments to [ [jpacheco@water.ca.gov](mailto:jpacheco@water.ca.gov) ]. Due to the short review time you can concurrently send comments to Campbell Ingram [ [c Ingram@water.ca.gov](mailto:c Ingram@water.ca.gov) ] with the qualifier that DWR management has not yet reviewed or approved your comments.

As discussed in Steven R. Ritchie's March 13, 2000 memo (attached) comments are due to CALFED (Campbell Ingram) on **March 23, 2000 before noon**.

If you have any questions please call me at 653-6426.
