

## Source Improvement

### High Priority

- 1.1 Drinking Water Policy
- 1.3 Agricultural Source Improvement
- 1.4 San Joaquin Salinity Improvement
- 2.1 Delta Conveyance

### Medium Priority

- 2.2 Storage (for DWQ Improvement)
- 3.1 Structural Improvements to Conveyance
- 4.1 Water Quality Exchanges

### Low Priority

- 1.2 Urban Source Improvement
- 1.5 Recreational Sources
- 3.2 Watershed Improvements to Conveyance
- 5.1 Groundwater Quality
- 5.2 Local Source Water Protection

## Treatment Technology

### High Priority

- 6.1 Demonstrate Treatment Technology

### Medium Priority

- 6.2 Tracking Treatment Research

## Regional Planning

### High Priority

- 7.1 Regional Water Quality Planning

## Science and Improved Understanding

### High Priority

- 8.1 Monitoring and Assessment
- 8.3 Sources and Loads
- 8.4 Science Panel

### Medium Priority

- 8.2 Public Health Index

## Institutional and Program Management

### High Priority

- 9.1 Agency Coordination for Source Protection
- 9.2 Coordination with Implementing Agencies and Programs
- 9.4 Strategic Planning

### Medium Priority

- 9.3 Stakeholder Participation
