

Bay-Delta Science Seminar

Our Salmon in the Ocean-Two Perspectives

April 4, 2007

10:00 a.m. to Noon

Mee Room – Memorial Union

UC Davis Campus

Richard Brodeur

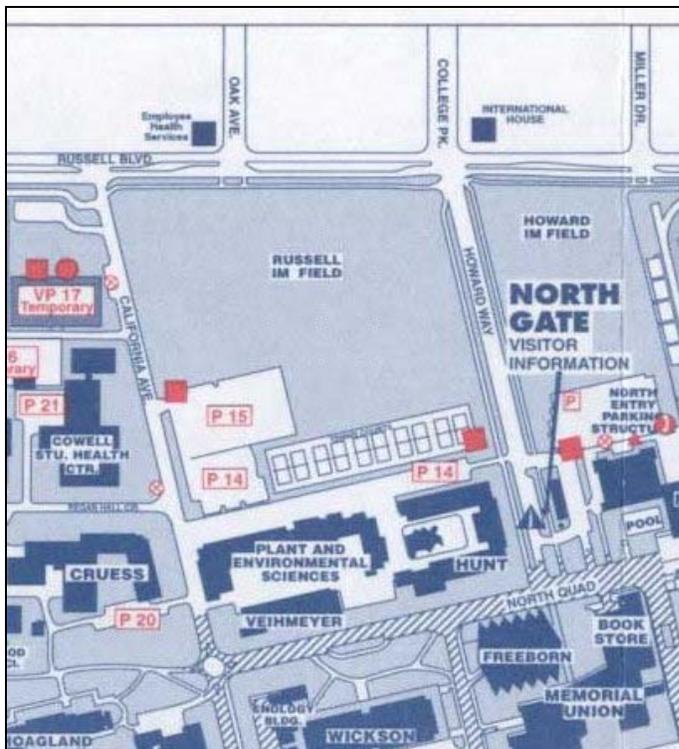

Northwest Fisheries Science Center
Estuarine and Ocean Ecology Program
NOAA Fisheries

“Ecology of juvenile salmon in the northern California current: oceanographic effects and management applications”

Louis Botsford

Department of Wildlife, Fish, and Conservation Biology
UC Davis

“Basin-scale and California-current scale environmental influences on California-current salmon”

Directions to UC Davis

Driving east on Interstate 80 from the San Francisco Bay Area or driving west on I-80 from Sacramento, take the UC Davis exit onto Old Davis Road to the campus.

Driving south on Highway 13, take either the Russell Boulevard or UC Davis (Hutchison Drive) exit and go east until you reach the campus.

Parking is available the North Entry Parking Structure and Parking Lots 15 & 17.

There is a \$6.00 parking fee.

Please also join us after the seminar for a (no-host) lunch and informal discussion.
